DFTG 2323
Pipe Drafting

Course Description:

A study of pipe fittings, symbols, specifications and their applications to a piping process system. This application will be demonstrated through the creation of symbols and their usage in flow diagrams, plans, elevations, and isometrics.

Prerequisite: DFTG 1305

Text, References, and Supplies:

Software: AutoCAD, CADWorx Plant, P&ID, Equipment, Structural and Inventor

NOTE: Students will be advised of the software version and book edition on the first day of class.

The student will need to provide his/her own:

These supplies may be needed in future classes.

Students Learning Outcomes and Core Competencies:

The following list of course goals will be addressed in the course. The goals are directly related to the performance objectives. Upon successful completion of the course the student will:

1. Identify pipe and tubing fittings.
2. Draw the common pipe joints and label them using ANSI/ASME standard designations.
3. Draw a multi-view piping drawing using standard schematic symbols from a piping pictorial drawing
4. Identify and use the common pipe symbols
5. Identify and create 2D and 3D pipe fittings
6. Identify different types of pipe joints
7. Define and prepare a P&ID
8. Interpret and prepare a flow diagram
9. Create a spool drawing used by pipe fitters
10. Create a vessel drawing used for pressure vessel manufacturing
11. Create a structural drawing

Student Contributions, Responsibilities and Class Policies:

- Students are responsible for maintaining, organizing, and backing-up copies of all digital files. Failure to maintain an up-to-date backup may result in data loss.
- Students are expected to exhibit professional and courteous behavior on campus, in the classrooms and labs.
- Cell phones should be silenced while in class.

Attendance Policy

Regular and punctual attendance is expected of all students in all classes for which they have registered. It is the obligation of the student to notify the instructor of all absences as soon as possible and make up all missed work. All absences are considered to be unexcused until a valid reason is provided. It is the responsibility of the instructor to judge the validity of any reasons given for an absence.

Withdrawal Policy

It is the student's responsibility to initiate the withdrawal in the Office of Student Services. Students must complete an official withdrawal form either in person in the Student Services office, online or by written request. Failure to do so may result in the student receiving a grade of "F."

The last day for withdrawal for each registration period is published in the catalog and the current course schedule. Online withdrawal requests must be made on or prior to the dates listed.

Scholastic Dishonesty & Academic Misconduct

Midland College encourages high academic standards, including student responsibility for original work. As a part of this stance, Midland College endorses specific definitions and guidelines regarding scholastic dishonesty and academic misconduct, including the areas of cheating, plagiarism, and collusion.

Definitions and full policy can be found in the Student Rights & Responsibilities section of the online catalog at catalog.midland.edu.
