Student Learning Outcomes

Upon successful completion of the course, students will:

1. Demonstrate the ability to integrate the pathophysiological assessment findings to formulate a field impression.
2. Implement a treatment plan for the trauma patient.
3. Integrate multiple determinants of trauma conditions into clinical care.

Student Contributions, Responsibilities and Class Policies

Students will be expected to attend all classes. Classroom/on-site laboratory attendance policy for paramedic students requires the student to be present in class 90% of the total class time per semester. The ability to meet course objectives may be seriously jeopardized for students missing more than 10% of classroom/laboratory instruction in any course. Any student arriving after the start of class will be counted tardy. Any student who arrives 15 minutes past the start of class will be counted absent. Three tardies will result in one absence. It is the student's sole responsibility to make-up

missed assignments due to absence. Make-up assignments must be completed within the time limit set by the instructor. This will be done at the Instructor's discretion. All exams and assignments **MUST** be done and turned in **BY** the given due date and time to get full credit. Late work will be accepted but at a reduced grade. Up to 24 hours late 25% reduced score. 24-48 hours late 50% reduced grade. After 48 hours it will not be accepted.

Evaluation of Students

Students will be evaluated using quizzes, examinations, and JB Learning that will consist of true/false, multiple choice, short answer and essay type questions. The assignments and quizzes will consist of 20% of the student's final grade. Attendance, professionalism and skills will be 10%. Unit tests are 40% and the remaining 30 % will come from a **comprehensive** final/exit examination. **Student must have a 75% average to be eligible for the final exam. Students must receive a final grade of 75% or better for course average and make an 80% or better on the final/exit exam to continue in the paramedic program.**

Grades will be assigned as follows:

A = 100 – 90%

B = 89 – 80%

C = 79 – 75%

D = 69 – 74%

F = 59 and below

Course Schedule

A detailed calendar of topics, assignments and test dates will be provided in class and can be accessed in the files section of this course in Canvas.

Americans with Disabilities Act (ADA)

Midland College provides services for students with disabilities through Student Services. In order to receive accommodations, students must visit [Midland College Accommodation Services](#) and complete the "Application for Accommodation Services" located under the Application Process tab. Services or accommodations are not automatic, each student must apply each semester and be approved to receive them. Supporting documentation must be submitted from a qualified professional and be within the last five years. All documents will be reviewed and a "Notice of

Accommodations” letter will be sent to instructors outlining any reasonable accommodations. For more information or questions, please contact the Accommodation Services office at accommodations@midland.edu or 432-685-5541.

Non-discrimination Statement:

Midland College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following individuals have been designated to handle inquiries regarding the non-discrimination policies:

Licensure Eligibility Notification

Completion of Midland College degrees and/or certificates does not guarantee eligibility to take a certification/registry/licensure examination. The eligibility of each person is determined on an individual basis by the regulatory body of the specific discipline. If you have a conviction of a crime other than a minor traffic violation, physical or mental disability/illness, hospitalization/treatment for chemical dependency within the past five years, current intemperate use of drugs or alcohol or a previous denial of a licensure or action by a licensing authority, you will need to contact the specific regulatory body for an individual ruling. Some programs require a criminal background check and urine drug screen.
