### **Course Policies:**

Each student's responsibility is to become familiar with Midland College policies as detailed in the Midland College Student Handbook. Any requests for clarification of Midland College policies and their relevance to the course should be addressed to the course instructor.

**Course Census:** Students MUST actively participate in the course by completing an academically related activity assigned by the instructor by the official course census date. Students who do not complete the census activity by the course census date will be reported as never attended and dropped from the course.

**Students with Disabilities:** Midland College provides services for students with disabilities through Student Services. To receive accommodations, students must visit [www.midland.edu/accommodation](http://www.midland.edu/accommodation) (Links to an external site.) and complete the Application for Accommodation Services located under the Apply for Accommodations tab. Services or accommodations are not automatic; each student must apply and be approved to receive them. All documentation submitted will be reviewed, and a "Notice of Accommodations" letter will be sent to instructors outlining any reasonable accommodations.

**Scholastic Dishonesty:** The coursework submitted for this course must be original work prepared by the student enrolled in this course. Cheating, plagiarism, and any other form of academic dishonesty defined in the Midland College handbook can result in appropriate disciplinary action.

### **Class Policies:**

This course will be fast-paced. Students must keep up with the schedule by studying outside of class and completing all assignments on time.

**Participation:** Active class participation in class discussions and activities is essential to complete this course. Effective preparation for the class includes reading course materials and completing assigned coursework outside of scheduled class meetings. Students who would like additional help in preparing for class meetings should contact the instructor for assistance.

**Communication:** Effective communication is critical to the successful completion of this course. Questions about the course or requests for assistance with course materials should be addressed to the instructor in person, by telephone during scheduled office hours, or through CANVAS at any time. All digital correspondence between students

and the instructor should be via student email or CANVAS. Personal email, text messaging, and other forms of digital communication are discouraged.

**Mobile/Cell Devices:** Cell phones should be placed on either vibrate or silent mode and accessed in emergency cases only. Please note that the CANVAS App for mobile devices does not connect to this course in the same manner as the desktop browser link. In most cases, content and links to third-party providers (Cengage, Pearson, TestOut) may not be accessible or work properly when accessed via the mobile app. Therefore attempting to participate in this course via cell phone or mobile(tablet) platforms will not be effective and strongly discouraged.

**Late Work:** All graded coursework will include a due date when assigned. If coursework must be submitted later than the scheduled due date, the student should not expect to receive the maximum credit available for the assignment. Therefore, late submissions should be discussed with the instructor before the due date when possible and will be evaluated on a case-by-case basis.
