ADA Statement-- The Americans With Disabilities Act (ADA) and Section 504 of the Rehabilitation Act require that no otherwise qualified person with a disability be denied access to, or the benefits of, or be subjected to discrimination by any program or activity provided by an institution or entity receiving federal financial assistance. It is this Section 504 mandate that has promoted the development of disability support service programs in colleges and universities across the country. Subpart E of Section 504 deals specifically with this mandate for institutions of higher education. While it does not require that special educational programming be developed for students with disabilities, it does require that an institution (public or private) be prepared to make

appropriate academic adjustments and reasonable accommodations in order to allow the full participation of students with disabilities in the same programs and activities available to nondisabled students.

Midland College provides services for students with disabilities through Student Services. In order to receive accommodations, students must place documentation on file with the Counselor/Disability Specialist. Students with disabilities should notify Midland College prior to the beginning of each semester. Student Services will provide each student with a letter outlining any reasonable accommodations.
